CONTENTS

FISHERY BULLETIN OF THE NATIONAL OCEANIC AND ATMOSPHERIC ADMINISTRATION

VOLUME 68, NUMBER 2

	Page
Young of the Atlantic sailfish, <i>Istiophorus platypterus</i> . By Jack W. Gehringer. (Published January 1970.) -----	177
Mollusks and benthic environments in Hillsborough Bay, Florida. By John L. Taylor, John R. Hall, and Carl H. Saloman. (Published March 1970.) -----	191
Migration of juvenile salmon and trout into Brownlee Reservoir, 1962-65. By Richard F. Krema and Robert F. Raleigh. (Published April 1970.) -----	203
Distribution and movement of juvenile salmon in Brownlee Reservoir, 1962-65. By Joseph T. Durkin, Donn L. Park, and Robert F. Raleigh. (Published April 1970.) -----	219
Emigration of juvenile salmon and trout from Brownlee Reservoir, 1963-65. By Carl W. Sims. (Published April 1970.) -----	245
Characteristics of some larval bothid flatfish, and development and distribution of larval spotfin flounder, <i>Cyclopsetta fimbriata</i> (Bothidae). By Elmer J. Gutherz. (Published May 1970.) -----	261
Control of oyster drills, <i>Eupleura caudata</i> and <i>Urosalpinx cinerea</i> , with the chemical Polystream. By Clyde L. MacKenzie, Jr. (Published May 1970.) -----	285
Comparative distribution of mollusks in dredged and undredged portions of an estuary, with a systematic list of species. By James E. Sykes and John R. Hall. (Published May 1970.) -----	299
Effect of water velocity on the fish-guiding efficiency of an electrical guiding system. By John R. Pugh, Gerald E. Monan, and Jim R. Smith. (Published June 1970.) -----	307
Revision of the genus <i>Symphysanodon</i> (Pisces: Lutjanidae) with descriptions of four new species. By William D. Anderson, Jr. (Published October 1970.) -----	325

Note: The Fishery Bulletin of the National Oceanic and Atmospheric Administration is a continuation of the Fishery Bulletin of the United States Fish and Wildlife Service. All articles in this volume 68, no. 2, have been printed and issued as separates of the U.S. Fish and Wildlife Service Fishery Bulletin. Citations to these articles should refer to the U.S. Fish and Wildlife Service Fishery Bulletin.

INDEX

Fishery Bulletin, Vol. 68, Nos. 1-3, 1970-71

- Ablennes hians*—see Needlefish
- Acusicola*—see New genus (copepod)
- A. cunula*—see New species (copepod)
- A. tenax*—see Copepods
- "Additional references on the biology of shrimp, family Penaeidae," by Donald M. Allen and T. J. Costello 101
- "Additions to a revision of argentinine fishes," by Daniel M. Cohen and Samuel P. Atsides 13
- ALLEN, DONALD M., and T. J. COSTELLO, "Additional references on the biology of shrimp, family Penaeidae" 101
- ANDERSON, WILLIAM D., JR., "Revision of the genus *Symphysanodon* (Pisces: Lutjanidae) with descriptions of four new species" 325
- Argentina alicae*—see New species (fish)
- A. brucei*—see New species (fish)
- A. euchus* 33
- A. georgei*—see New species (fish)
- A. sialis* 22
- A. stewarti*—see New species (fish)
- A. striati* 22
- Artificial lights
attraction of Atlantic herring to 73
- Asterias forbesi*— see Starfish
- Atlantic croaker
food, growth, migration, reproduction, and abundance, near Pensacola, Florida, 1963-65 135
- Atlantic herring
factors influencing attraction to artificial lights 73
- Atlantic menhaden
food of young in relation to metamorphosis 493
- Atlantic sailfish
young of 177
- ATSAIDES, SAMUEL P.—see COHEN and ATSAIDES
- Baja California
conditions related to upwelling which determine distribution of tropical tunas 147
- "Bathymetric maps and geomorphology of the Middle Atlantic Continental Shelf," by Franklin Stearns 37
- Belone belone*—see Needlefish
- B. svetovidovi*—see Needlefish
- Belonion apodion*—see Needlefish
- B. dibranchodon*—see Needlefish
- BLACKBURN, MAURICE, "Conditions related to upwelling which determine distribution of tropical tunas off western Baja California 147

- Bothids
characteristics of some larval 261
- Brevoortia tyrannus*—see Atlantic menhaden
- Caligus* Species A to D—see Copepods
- C. belones*—see Copepods
- C. malabaricus*—see Copepods
- C. tylosuri*—see Copepods
- Caligodes laciniatus*—see Copepods
- CARLSON, FRANK T.—see JUNE and CARLSON
- “Characteristics of some larval bothid flatfish, and development and distribution of larval spotfin flounder, *Cyclopsetta fimbriata* (Bothidae),” by Elmer J. Gutherz ...261
- CHATTERJEE, ASHIM B.—see MARTIN and CHATTERJEE
- Chinook salmon
distribution and movement of juveniles in Brownlee Reservoir 219
electrical guidance of fingerlings 307
emigration of fall and spring from Brownlee Reservoir 250
estimate of mortality in Columbia River near Bonneville Dam during the summer run of 1955 461
migration of juveniles into Brownlee Reservoir 203
- Clupea harengus harengus*—see Atlantic herring
- COHEN, DANIEL M., and SAMUEL P. ATSAIDES, “Additions to a revision of argentinine fishes” 13
- Coho salmon
distribution and movement of juveniles in Brownlee Reservoir 219
electrical guidance of fingerlings 307
emigration of hatchery-reared from Brownlee Reservoir 253
migration of juveniles into Brownlee Reservoir 203
- COLLETTE, BRUCE B.—see CRESSEY and COLLETTE
- COLLINS, MELVIN D.—see MERRELL et al.
- Colobomatus goodingi*—see New species (copepod)
- Columbia River
supersaturation of nitrogen in and effect on salmon and steelhead trout 1
- “Comparative distribution of mollusks in dredged and undredged portions of an estuary, with a systematic list of species,” by James E. Sykes and John R. Hall 299
- “Conditions related to upwelling which determine distribution of tropical tunas off western Baja California,” by Maurice Blackburn 147
